

SERVICE BODIES Cargo & Ladder Truck Racks

- Big 62" W crossbars provide more carrying capacity – total 1,700 lbs.
- For 8 ft. and 9 ft. service bodies – standard and extended cab.
- Service Body Racks accept all Pro II accessories. Mount clamps are available to attach your custom accessories.

Fits Virtually All Makes and Models of Service Bodies

7" VERTICAL LEG ADJUSTMENT.
2" FRAME LENGTH ADJUSTMENT

These highly crafted racks are quick to assemble and install. Our exclusive high strength round steel tubing and patented, precision fit interlocking components provide all the carrying capacity your truck and service body can handle. Our unique rear mounting brackets attach in areas where the rear body panel is reinforced.

Telescoping front legs ensure optimal cab clearance.

Lifetime Frame Guarantee!

These highly crafted racks are quick to assemble and install. Rear leg mount brackets attach to the rear panel of the body. Brackets are located at the reinforced outside corner of the box where they can be raised or lowered without hitting tail lights. The height of the rack over the cab can be optimally set for all makes and models of truck or service body. Mount brackets set the legs off 5/8" from the rear panel to accommodate top opening boxes.

OPTION A MOUNTS

When it is not possible to attach the included rear leg mounts to the back panel of your service body, an alternative is to mount the rear legs on top of the box. In order to do this, you must purchase our accessory mount kit #70060.

OPTION B MOUNTS

When it is not possible to attach the included rear leg mounts to the back panel of your service body in the ATTACHING AREA as shown above, an alternative is to mount the rear legs below the box lid and above the tail light/box lock. In order to do this, you must purchase our accessory mount kit #70060.

PRO-II • SERVICE BODY	BODY TYPE:		
	8 FT. Std. Cab	9 FT. Std. Cab	9 FT. Ext. Cab 11 FT. Std. Cab
