SIZING GUIDE INSTRUCTIONS

To use this guide, print these two pages.

Important!
Do not scale page. When printing, choose "None" from the Page Scaling drop-down list in the printing options dialog box.

Place this page on top of the other, align the alignment marks, and tape the pages together.

While standing, place your heel just inside the heel marker and measure to the end of your longest toe.

If your foot occupies the gray area on the side of the guide, you may want to consider a wide width boot.
